

# Thane Road highway improvement works: Phase 1

- Road widening to allow dedicated right-turn lane towards Queens Drive Roundabout (A52 / A453)
- Shared cycle / pedestrian path to be realigned and improved

Road widened by realigning the southside footway to create an additional inbound traffic lane, increasing junction capacity for traffic on the approach to the A52 / A453 roundabout

Southside footway realigned and lighting columns moved to the back of the footway to create an unobstructed shared-use route for pedestrians and cyclists

## Key to works

-  Realigned southside footway - shared use for pedestrians and cyclists
-  Improvements to northside pedestrian footway to address level and drainage issues
