

Porchester Road Active Travel Scheme

Burgass Road to Emmanuel Avenue

- Two-way cycleway
- One-way cycleway
- Shared space (pedestrians & cyclists)
- Junction treatment (illustration in inset)
- Parallel crossing
- Toucan crossing
- Uncontrolled crossing
- Improvements around bus stop

Shared space for pedestrians & cyclists at crossing points

Three-metre wide two-way segregated cycleway continues along west side of carriageway

Typical cycle priority treatment where cycleway crosses side roads

Uncontrolled crossings and shared space for pedestrians & cyclists

Parallel crossings: pedestrian & cycle crossings side-by-side

Three-metre wide two-way segregated cycleway continues along east side of carriageway

Side road junctions to be upgraded to improve safety of all users of the footway

Toucan crossing (existing): shared pedestrian & cycle crossing

Low-traffic route connecting Porchester Road to new Carlton Road cycling provision

Funded by UK Government

Nottingham City Council
