

Highways Planned Maintenance

Improving your roads

Nottingham City Council is continuing to improve your area

Thank you for your patience during the carriageway resurfacing works on Nuthall Road, between Llanberis Grove and Western Boulevard in Summer 2025.

As part of our whole-street approach to improving local communities, work on Nuthall Road is continuing. Our aim is to make a visible improvement to the area by carrying out additional maintenance works along the footpaths, including;

- Improvements to footways where required, including resurfacing, renewal of damaged block paving, cleaning existing block paving, replacing signs and posts, providing new bins, removal of dead trees & tree stumps and installing new tree pit areas around existing trees.

From April 20th to July 2026, we will be working on Nuthall Road (between Western Boulevard and Melbourne Road) on the Newcastle Farm Drive side of the road. The hours of work will be 08.00 to 17:00 weekdays only.

How will this affect you?

- Lane closures will be in place.
- Bus stops may need to be closed while we work in close proximity to them.
- We will need to work near the car park, loading, shop front/housing accesses but will keep disruption to a minimum. We will always let you know if our work affects you before we commence.
- There will be areas along the pavement with open excavations and barriers. This is to keep these working areas enclosed and safe.
- Pavements and pedestrian crossing points will remain in operation.

If you have any general questions or concerns, please contact highwaymaintenance@nottinghamcity.gov.uk. If you have any queries or concerns about access during the work, require additional assistance or have any immediate site concerns, please call the contractor, Trust Utility Management on 0115 930 9325

If these works are not running to schedule, we will update the website for Highways Planned Maintenance. Please visit: transportnottingham.com/highways or scan the QR code using a phone camera.
