Nottingham City Council is improving your area

Nottingham City Council is resurfacing several roads in Aspley and will deliver these as a programme of work to reduce disruption to the local community. These roads are:

- Beckley Road, Withern Road and Denton Green roundabout (full length)
- Coleby Road from the Sixways Community Centre to Beckley Road and from Withern Road to Broxtowe Lane

Work will start on Monday 20th April and continue into June 2026. Working hours will be 8am to 5pm Mon – Fri.

Works to Denton Green roundabout (opposite the Community Centre car park access), will be carried out on Saturday 30th May.

How will this affect you?

All phases

- Each road will be closed and there will be no parking on the road within the work extents, during working hours. Local diversions routes will be in place.
- Vehicle access to driveways will be maintained, although there will be times when this is restricted.
- A site compound will be located at the Deepdene Way/Lindfield Road junction.
- Pavements will remain in use.
- Bin collections will still take place on your usual collection day; please ensure bins are placed outside your property before 8am.

The following restrictions are for Phase 2, 3 and 4 only:

- Bus stops on Coleby Road will not be in use, and a bus diversion route will be in place.

Please see attached plan for phasing areas and dates below for when each phase will take place.
