Nottingham City Council is improving Robin Hood Way

Nottingham City Council is improving the bus stop area on Robin Hood Way as detailed in the Traffic Regulation Order consulted upon in March 2026. These improvements aim to address long-standing issues affecting pedestrian safety, bus stop accessibility, and surface water drainage on the west side of the road. See attached scheme plan overleaf for new layout. Work will take place from 17th August to 4th September 2026.

How will this affect you in general?

- Bus stop ME27 (near new build out location) will be closed for the duration of the work and a temporary stop located nearby.
- There will be temporary lights in place from 17th to 28th August while we construct the new footway layout. The road will remain open during this time.
- From 1st to 4th September 9.30am to 3.30pm the road will be closed while we resurface the road. Local access will be maintained but may be restricted at times. See diversion plan overleaf for further details on this.
- No parking to take place within the area of work.
- Footway access will be maintained at all times.
- Bin collections will still be collected on your usual day, please ensure these are placed outside your property before 7am.

Further improvements are planned for Robin Hood Way as part of our Streets for People 4 Programme 2026-28. We will let you know of this prior to any work taking place.

If you have any general questions or concerns or require additional assistance during the works, please contact us at highwaymaintenance@nottinghamcity.gov.uk. If you have any immediate site concerns whilst works are taking place, please call the contractor. If you have any immediate site concerns whilst works are taking place, please call the contractor, Trust on 0115 930 9325.

If these works are not running to schedule, we will update the website for Highways Planned Maintenance. Please visit: transportnottingham.com/highways or scan the QR code using a phone camera.
