Nuthall Road – Planned Roadworks and Traffic Management

We will be carrying out a programme of work to install a specialist anti-skid road surface, known as high-friction surfacing. This provides extra grip for vehicles and is normally used in areas where additional braking grip is important, such as approaches to junctions and pedestrian crossings. To carry out the works safely, temporary traffic lights, lane closures and road closures will be required. The planned arrangements are:

Nuthall Road – Western Boulevard to Aspley Lane (outbound)

- **Saturday 31 October, 7.00pm to 6.00am**
  Temporary two-way traffic lights on Nuthall Road, with Haslemere Road and Albert Avenue closed at their junctions with Nuthall Road. Lane closures at the Western Boulevard junction.
- **Sunday 1 November, 9.30am to 3.30pm**
  Lane closures at the Western Boulevard junction.

Nuthall Road – Western Boulevard to Aspley Lane (inbound)

- **Friday 6 and Saturday 7 November, 7.00pm to 6.00am**
